6 Department Introduction

1 Department of Beauty Science (Master's and Doctoral Programs)

- Objective: To cultivate competent educators and professionals in the field of beauty education through the integration of systematic theoretical instruction and beauty techniques.
- Areas of Specialization: Hair, Skin Care, Makeup, Nail Art
- Conducts industry–academia collaborative research and projects with beauty–related institutions, and provides beauty–related research and education through the Beauty Research Institute and the Clinical Skin Research Institute.

2 Department of Aviation Tourism (Master's Program)

- Objective: To foster professionals in the aviation and tourism industries.
- Develops academic knowledge and interdisciplinary research capabilities to prepare students to respond to changes and challenges in the aviation industry and to lead future society.

3 Department of Korean Education (Master's Program)

- Objective: To cultivate Korean language education specialists who can contribute to the global dissemination of the Korean language and culture through professional knowledge in Korean language education as a foreign language, along with a deep understanding of Korean culture.
- Graduates may qualify to obtain the Level 2 Korean Language Teacher Certificate.

4 Department of Early Childhood English Education (Master's Program)

- Objective: To cultivate competent children's English teachers who can apply practical teaching methods in the field through systematic and scientific educational programs.
- Covers approaches to children's English education, teaching procedures, instructional methods, and a variety of educational activities.

5 Department of AI Convergence Content (Master's Program)

- Objective: To cultivate professionals who will lead digital innovation in future society based on the convergence of artificial intelligence (AI) technology and media content.
- Conducts socially innovative research that harmonizes technology and art, industry and the humanities, through the convergence of AI and media content.

※ Only applicants with an undergraduate major in AI are eligible to apply

6 Department of Police Law (Master's Program)

- Objective: To develop professional knowledge that enhances the practical competencies of police officers in the public sector and security personnel in the private sector.
- Provides specialized education focused on legal theory and practical knowledge to address crime, social issues, and security challenges.

7 Department of Social Welfare (Master's Program)

- Objective: To cultivate professionals who provide support in solving problems in order to improve human happiness and quality of life.
- Trains professional social welfare personnel through both social welfare theory and practical clinical training.

8 Department of TESOL (Master's Program) [English Track]

- Objective: To cultivate specialists in English education who can effectively teach English to non-native speakers.
- Covers approaches to English education, teaching procedures, instructional methods, various activities, and practical teaching strategies.

9 Department of K-Beauty (Master's Program) [Korean/English Track]

- Objective: To cultivate professionals with global competitiveness through specialized K-Beauty education.
- Areas of Specialization: Hair, Skin Care, Makeup, Nail Art, Cosmetics
- Provides up-to-date, practice-oriented education in the birthplace of K-Beauty, with customized global education especially designed for international students.
